ITI

Industrial Training Institute (ITI), having constituted under Directorate General of Employment & Training (DGE&T), Ministry of labour & Employment, Government of India, imparts vocational training under Craftsmen Training Scheme (CTS) in the field of Automobile, Building Construction, Computer, Electrical & Electronics, Fabrication & Welding, Refrigeration & Air- Conditioning, Hospitality, Travel & Tourism etc.

Technical education has great contribution to the overall education systems and plays a major role in the social and economic development of a country. It is imparted at various levels such as craftsmen, diploma and degree etc. The Craftsmen Training Scheme (CTS) was introduced by Govt. of India to ensure a steady flow of skilled workers in different trades to raise quality & quantity of the industrial production. Industrial Training Institute (ITI), having constituted under Directorate General of Employment & Training (DGE&T) in Ministry of labour & Employment, Government of India, imparts vocational training under Craftsmen Training Scheme (CTS) in the field of Automobile, Building Construction, Computer, Electrical & Electronics, Fabrication & Welding, Refrigeration & Air- Conditioning, Hospitality, Travel & Tourism etc.

National Council for Vocational Training (NCVT) is responsible to establish & promote vocational training throughout the country & conducts All India Trade Test and awards National Trade Certificate, a minimum recognized degree of skill. The certificate issued by NCVT is of same standard both for Govt. & Pvt. ITI's.

The ITI Education provides training in different trades. The duration of courses vary from 6 months to 3 years. All the courses are divided into two classes:

■ ENGINEERING TRADES

- A) Architectural Assistant
- B) Draughtsman (Civil & Mechanical)
- C) Electrician
- D) Fitter
- E) Instrument Mechanic
- F) Refrigeration & Air Conditioning Mechanic
- G) Sanitary Hardware Fitter and many more.....

■ NON ENGINEERING TRADES

- A) Computer Operator
- B) Craftsmen Food Production
- C) Data Entry Operator
- D) Dental Laboratory Technician
- E) Digital Photographer
- F) Event Management Assistant
- G) Marketing Executive and many more.....

BENEFITS & JOB OPPORTUNITIES

ITI qualified student can go for higher studies. He can take the direct admission in diploma engineering in second year. Further, he can do degree course in the respective branch. There are good job opportunities for ITI qualified persons in both Govt. and Private sectors. Modern industries and construction companies require skilled technicians and offer them good salary package. Govt. organization like Railway, Army, and Electricity Department etc. provide jobs for ITI passed candidates of different trades. ITI passed student can set up his own business like Automobile / Motor / Generator / Welder / Fabrication Workshops with small investment. ITI, therefore, is a good career option in the present competitive world of today.

INTRODUCTION

ITL (P.) Industrial Training Institute, established under AL-Hind Educational & Welfare Society with a view to promote skill development, imparts industrial training to explore technical skill in educated youths and thereby helping to create skilled technicians and entrepreneurs for the growing demand of domestic industries and multinational companies.

Unemployment is a burning issue of our country. No country can develop without solving this problem. Technical Education produces skilled technicians and helps in getting employment opportunities. Skilled technicians are the backbone of any country and play a major role in building of a nation by contributing their job knowledge.

ITL (P) Industrial Training Institute, established under AL-Hind Educational & Welfare Society with a view to promote skill development, imparts industrial training to explore technical skill in educated youths and thereby helping to create skilled workforce and entrepreneurs for the growing demand of domestic industries and multinational companies. The institute is committed to provide the highest quality of training through an effective combination of theoretical classes and hands-on practical lab work, guided by experienced and dedicated instructors. We strive for over all development (academic, physical, moral & spiritual) of the trainees in terms of proper guidance and support.

MISSION:

The prime objective of the institute is to empower technical skill in unemployed youths and thereby helping to produce resourceful and socially responsible individuals.

VISION:

To be recognized as a premium institute in the field of ITI Education by providing world class technical training.

NEED TO KNOW: The Institute is affiliated to National Council for Vocational Training (NCVT, DGE&T in Ministry of Labour & Employment, Govt. of India, vide Ref. No. DGET-06/04/40/2013-TC Dated 26/09/2013. It is Accredited by National Accreditation Board for Education & Training, Quality Council of India.

COURSES OFFERED

The institute provides training in two engineering trades under Craftsmen Training Scheme (CTS). These courses / trades are quite popular and helpful in finding jobs.

| S.No. | TRADES | DURATION | QUALIFICATION | No. of Seats |
|-------|-------------|----------|-----------------------|--------------|
| 1. | ELECTRICIAN | 2 YEARS | 10 th PASS | 42 |
| 2. | FITTER | 2 YEARS | 10 th PASS | 42 |

NOTE : Certificate is valid for State and Central Governments' services or jobs.

WORKSHOPS

Hands - on knowledge is a key factor in learning skills. We have highly developed and modern workshops where the students get practical exposure to the subjects and apply their knowledge what they have learnt in theory.

ELECTRICAL WORKSHOP

The Electrical workshop caters to the training requirement of electrician trade.

Basic knowledge of electrical principles is quite necessary to an electrician. The institute has a well - equipped Electrical Workshop with all the modern machines, equipments and tools as per NCVT norms and QCI rules and regulations.

FITTER WORKSHOP

The trade of fitter is very remarkable and related to mechanical work. A fitter fits and assembles structural frameworks using handtools & welding equipments. The institute has a well maintained Fitter Workshop equipped with modern lathe machines, bench vices and other necessary tools & equipments as per NCVT & QCI norms.

ADMISSION PROCESS

Admission is offered through written test & personal interview. Applications are invited through advertisement in leading newspaper, handbills as well as notice on the notice board of the institute. Desiring candidates are advised to get the Prospectus & Admission Form from the institute office on a payment of rupees 150 along with admission test fee of rupees 50 at the counter of the institute. The Admission Form can also be downloaded from the institute website but the amount of rupees 150 have to pay at the time of submission of the Admission Form. Admission Form and Prospectus may also be obtained through post by sending a crossed DD of Rupees 200 in favour of ITLITI, payable at Gopalganj.

Duly filled in form along with necessary documents, photographs and fee can be submitted at the office of the institute. A list of selected candidates will be displayed and cutoff list shall be announced. Finally the selected candidates shall be registered and send to their respective classes.

AGE LIMIT

Candidates seeking admission to the ITI course should be within the age group of 14 – 25 as on the date of admission. There is relaxation of upper age in case of ex-service man, physically handicapped and war widow.

EDUCATIONAL QUALIFICATION

Desiring candidates must have passed 10th class (under 10+2 system of education) with 50% marks from any recognized board with science as one of the subjects.

REQUIRED DOCUMENTS

- A) Marks sheet / Board's passed certificate of 10th class.
- B) School Leaving Certificate of 10th class.
- C) Caste Certificate in case of OBC/ SC/ ST candidates.
- D) Five Passport Size Colour Photographs.

FACILITIES

INFRASTRUCTURE

The institute has state- of- the- art Infrastructure conforming to contemporary standards in design & look and provides a healthy and pleasant environment which is conducive for teaching & learning. The academic building consists of well-ventilated & lighted class rooms and workshops. There are spacious Drawing Hall, Computer Lab, Library and sufficient power backup supported by DG set in case of the power failure.

FACULTY

The institute has qualified and dedicated faculty members who have rich industrial experience and contribute their strength to train, encourage and motivate the students.

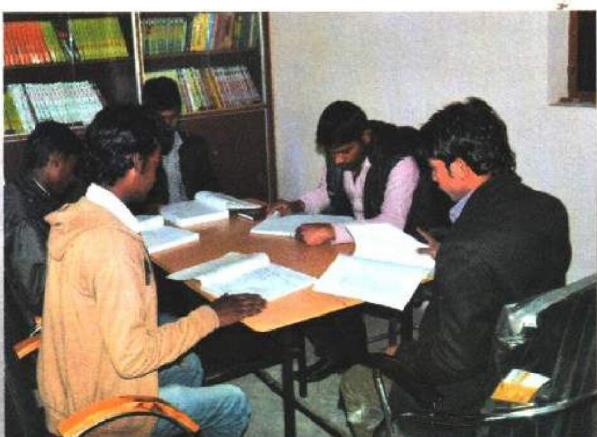

COMPUTER LAB

In Today's World, the knowledge of computer is indispensable in any field of work. Even the employers communicate with their employees through E-mails. This makes learning computer very essential. The institute has well - equipped Computer Lab where trainees get latest knowledge of softwares and increase their knowledge about computer. All the computers are inter-connected with LAN.

LIBRARY

Library is an integral part of any educational institution and it provides an environment for academic education. The institute has a well stocked library with sufficient books relevant to the courses where the trainees get technical books, journals, magazines and newspaper etc. There are more than 500 books on different subjects.

FACILITIES

PERSONALITY DEVELOPMENT PROGRAMME

For all round development of the students, the institute provides the following facilities and activities:

- a) Communicative English: The institute offers a platform for the students to polish their communication skills. Separate classes are conducted for the same.
- b) Cultural Activities: The institute management feels that cultural activities are important for all round development of the students. These activities are planned and executed. Students are encouraged to take part in these activities as per their choice. This brings a unique chance for the students to improve their public appearance skill.
- c) Games & Sports : Facilities like Table Tennis, Chess and Carrom, etc. are available for promoting games & sports.

MEDICAL FACILITIES

Emergency medical facilities are available for the students. Institute has tie-ups with reputed Hospital / Clinic for the proper care and treatment of students. First Aid Boxes have been provided at all corners in the institute.

EMPLOYMENT CELL

The employment cell of the institute provides necessary guidance and support to the students to make the right choice for their employment. It helps the students to craft and develop employment potential including self-employment skills. The institute encourages the students who wish to establish their own business by providing financial support.

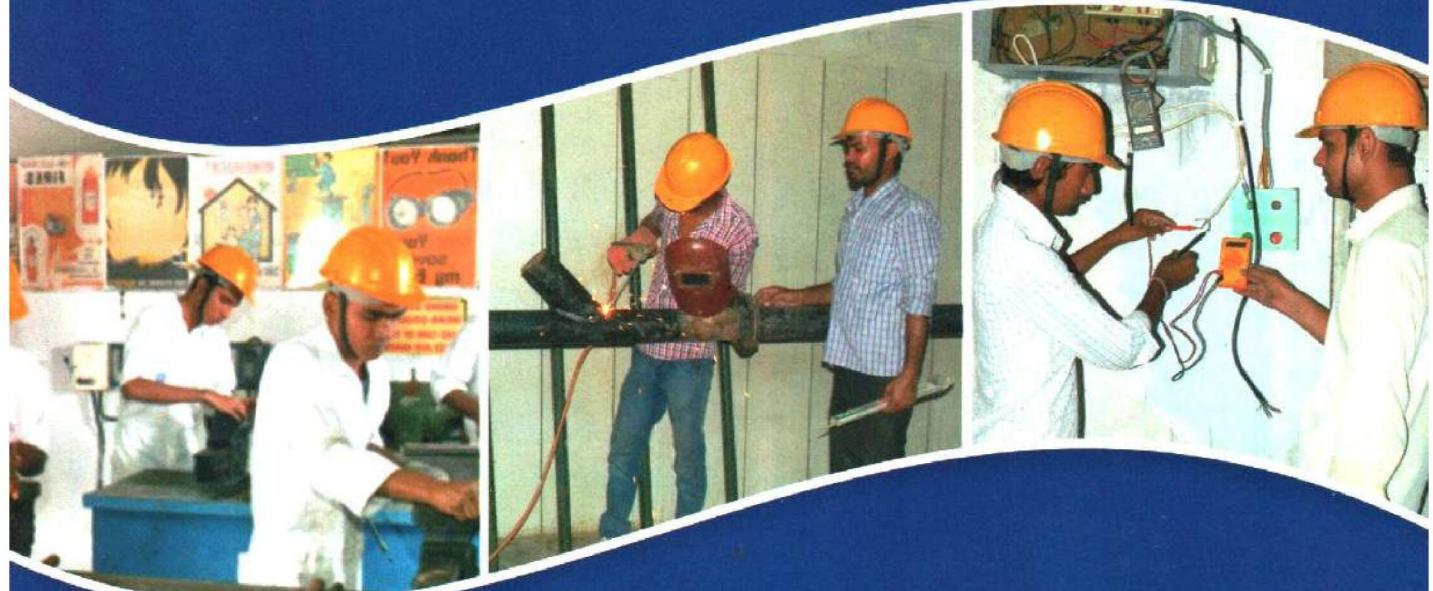

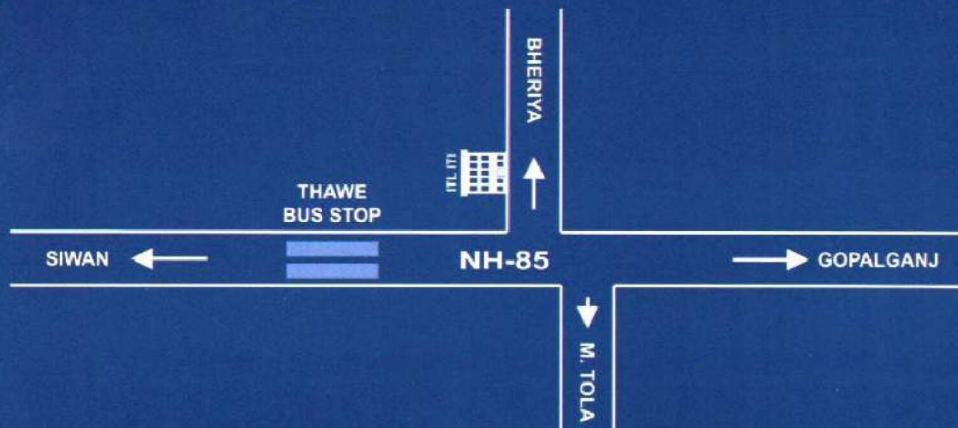

SCHOLARSHIPS / AWARDS

Eligible candidates of OBC/ SC/ ST category are granted scholarship by the Government under different scholarship schemes. The institute helps its students to get benefitted from such schemes. We believe in rewarding class topper, physically challenged and financially weaker students through various scholarships & awards.

ROUTE MAP

The Institute is located on NH-85 (Thawe - Gopalganj Road) at Mukeri Tola. It is well connected by road and a walking distance from Thawe Railway Station & Bus Stop.
